

Buttons

**This book has lots
and lots of buttons**

**Some real big ones
and itty bitty little ones**

Red and green and also
yellow ones

Hiding among them,
silly little blue ones.

Some have trees,
and some have flowers

Just like spring,
with many many colours

Sometimes birds,
with colourful collars

Building nests,
near pots of flowers.

Some have cars,
or really big trucks

Some are full of bright yellow
ducks

People too,
with Matt and Emmy

And dad, and Bolton,
and also mummy

Don't they look,
all jolly and happy?

Here come the Years,
yip yip yippie!
